

Tydd St. Mary Church of England School

We can all flourish and 'have life and have it to the full', as we travel together with God on our voyage of discovery and opportunity.

We foster a caring environment, promoting dignity, consideration and appreciation of others, letting all that we do 'be done in love'.

Through shared aspirations we seek 'to give hope and a future', inspiring all to be the best that they can be and fulfil their potential; striving for excellence.

Our children, Governors and staff have been involved in writing our definition of spirituality:

Spirituality is integral to the life of our school- the moments which allow us to understand ourselves and our place in the world. In addition to spontaneous, self-sought spiritual development, purposeful, planned opportunities provide all our school community with space to nurture the right relationship with ourselves, with others, with creation and with the transcendent. It gives us the opportunity to be quiet, still, reflect and be present; recognising our strengths, weaknesses and giving us the confidence to challenge ourselves as we continue on our voyage of discovery and opportunity together with God to experience life in all its fullness, delighting in all things.
