NASEN Mission statement

*Together with God on a voyage
of discovery and opportunity*

*Learning for life in a
community that cares*

In the Tydd St Mary and Weston Hills Church of England Primary Schools Federation, we strive to support all children to enable them to achieve at school. In order to do this many steps are taken to support them through their learning journey. Within our schools, quality first teaching is vital; however, for some children there are occasions when additional further support may be required to help them achieve their targets.

Our federation Special Educational Needs and Disability (SEND) policy outlines the way in which we manage SEND in our schools and supports our Local Offer. It reflects the opinions of all staff and governors regarding SEND and will be reviewed every year, encouraging the whole teaching staff to contribute. The implementation of this policy is the responsibility of the Head Teacher along with all teaching and classroom support staff. ***Every teacher is a teacher of every child including those with Special Educational Needs and/or disability.***

Statutory Compliance

Our legal responsibilities

This policy complies with the statutory requirements laid out in the Special Educational Needs and Disability Code of Practice 0-25 (January 2015) DfE/DoH which requires all schools to 'have regard to the Code of Practice' and has been written with reference to the following guidance and documents:

- **Children and Families Act (2014)**
- **Equality Act 2010:** The School has a statutory duty not to directly or indirectly discriminate against disabled children and young people and must make 'reasonable adjustments', including the provision of auxiliary aids and services for them, and the school must have an 'anticipatory duty' towards disability.
- **Equality Act 2010: Advice for Schools (DfE February 2013):** Non-statutory advice from the DfE to help schools understand how the Equality Act affects them and how to fulfil their duties under the Act.
- **Working Together to Safeguard Children (2013):** Statutory guidance from the Department for Education which sets out what is expected of organisations and individuals to safeguard and promote the welfare of children.
- **Reasonable adjustments for disabled pupils (2012):** Technical guidance from the Equality and Human Rights Commission.
- **Supporting pupils at school with medical conditions (2014):** Statutory guidance from the Department for Education.
- **The Mental Capacity Act Code of Practice:** Protecting the vulnerable (2005)

This policy has been written in light of our Safeguarding Policy and has direct links to our policies on behaviour, anti-bullying, disability and equality and accessibility plan in particular. It was written in consultation with the Governing Body, Head Teacher, current school staff and parents.

Definition and Inclusion

Definition of Special Educational Needs and Disability

The Special Educational Needs and Disability Code of Practice (0-25 years) 2015 states that:
'A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. A child of compulsory school age has a learning difficulty or disability if he or she:

- has a significantly greater difficulty in learning than the majority of others of the same age; or*
- has a disability which prevents or hinders him or her from making use of educational facilities of a kind generally provided for others of the same age in mainstream schools or post 16 institutions'.*

'A child under compulsory school age has SEN if he or she is likely to fall within the definition above when they reach compulsory schools age or would do so if special educational provision was not made for them'.

Many children and young people who have SEN may have a disability under the Equality Act 2010 – that is *'... a physical or mental impairment which has a long term and substantial adverse effect on their ability to carry out normal day to day activities'*.

This definition includes children and young people with long term medical conditions such as asthma, diabetes, epilepsy and cancer. Children and young people with such conditions do not necessarily have SEN, but where a child requires special educational provision over and above the adjustments, aids and services required by the Equality Act 2010, they will additionally be covered by the SEND definition. In addition, we are required to also have regard to statutory guidance regarding supporting pupils with medical conditions (DfE 2014).

Medical Statement

A medical diagnosis can only be given by a medical practitioner. Where parents or school staff feel that a pupil may have a medical need, a referral can be made to Community Paediatricians by the SENCo.

Inclusion Statement

We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievement, attitude and well-being of every child matters, and inclusion is the responsibility of every person within our school community. All children and young people are entitled to an education that enables them to make progress so that they:

- achieve their best
- become confident individuals living fulfilling lives, and
- make a successful transition into adulthood, whether into employment, further or higher education or training

Class Teacher

- Liaising with the SENCo to agree:
 - which pupils in the class are vulnerable learners
 - which pupils are underachieving and need to have their additional interventions monitored on the school provision map – but do not have special educational needs.
 - which pupils require additional support because of a special educational need and need to go on the school's SEND register. Some of these pupils may require advice/support from an outside professional and, therefore, an Individual Support Plan to address a special educational need (this would include pupils with an EHCP)
- Securing good provision and good outcomes for all groups of vulnerable learners by:
 - providing quality first teaching and learning opportunities, including adaptive practise for any EAL pupils which reduces linguistic difficulty whilst maintaining cognitive challenge where appropriate
 - ensuring there is adequate opportunity for pupils with special educational needs to working on agreed targets which are genuinely 'additional to or different from those normally provided as part of the differentiated curriculum offer and strategies.' (SEN Code of Practice 2015)
- ***Every teacher is a teacher of every child including those with Special Educational Needs and/or disability.***

Assess, Plan, Do, Review

A Graduated Approach

In line with the Code of Practice methodology of Assess, Plan, Do, Review children with SEN are identified as early as possible. Class teachers are continually aware of children's learning and the progress of every child is monitored termly. Where a child is identified (assessed) as not making progress, in spite of quality first differentiated teaching, he/she is raised as an initial concern with the SENCo (see appendix A). These concerns are shared with parents and an immediate plan of action is agreed with a 'Cause for Concern' form completed (see appendix B).

Less than expected progress can be characterised by progress which:

- is significantly slower than their peers from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers

There are four distinct categories of SEN need as identified within the Code of Practice 2015:

- **Communication and Interaction**
- **Cognition and Learning**
- **Social, emotional and mental health**
- **Physical and sensory**

Once a child has been correctly identified with special educational needs and/or a disability, initially the Class Teacher will meet regularly with the parents/carers to keep them informed of small steps of progress as part of the 'assess, plan, do, review' cycle. However, as part of the review process within the Code, regular reviews will be available with the class teacher or SENCo. Normally these will be three times a year; more frequent meetings might become necessary if there is a need to move from SEN Support towards a request for statutory assessment for an EHCP. ***At every stage of the SEN process it is our policy to work in partnership with our parents and their child to secure the best possible outcomes: together we achieve more.***

Wherever possible pupils will remain with their Class Teacher as this is where they learn best, with the rest of their class in the classroom. However, there are times when 'additional to, different from' interventions need to be offered to support pupils in their learning. When any additional support is allocated, whether it is delivered by a Teacher, Specialist Teacher or Teaching Assistant, the focus of all intervention will be on outcomes; our aim is to put in sufficient support to enable our pupils to reach challenging targets, but without developing a learned dependence upon an adult. All pupils on the SEND register will be supported, monitored and reviewed appropriately; internal assessments will be moderated to ensure validity and reliability. External advice will be acted upon and any additional training to meet needs will be sought, as necessary.

SEND Governance

To meet the statutory requirements of the Code of Practice (2015)

- There must be a member of the Governing Body or a sub-committee with specific oversight of the school's arrangements for SEN and disability.
- The Governing Bodies of maintained schools must publish information on their websites about the implementation of the schools' policy for pupils with SEN. The information published should be updated annually and any changes to the information occurring during the year should be updated as soon as possible. The information required is set out in the Special Educational Needs and Disability Regulations 2015 and must include information about:
 - The kinds of SEN that are provided for
 - Policies for identifying children and young people with SEN and assessing their needs
 - Arrangements for consulting parents of children with SEN and involving them in their child's education
 - Arrangements for consulting young people with SEN and involving them in their education
 - Arrangements for assessing and reviewing children and young people's progress towards outcomes. This should include the opportunities available to work with parents and young people as part of this assessment and review
 - Arrangements for supporting children and young people in moving between phases of education and preparing for adulthood
 - The approach to teaching children and young people with SEN
 - How adaptations are made to the curriculum and the learning environment of children and young people with SEN
 - The expertise and training of staff to support children and young people with SEN, including how specialist expertise will be secured

Our Complaints Procedure

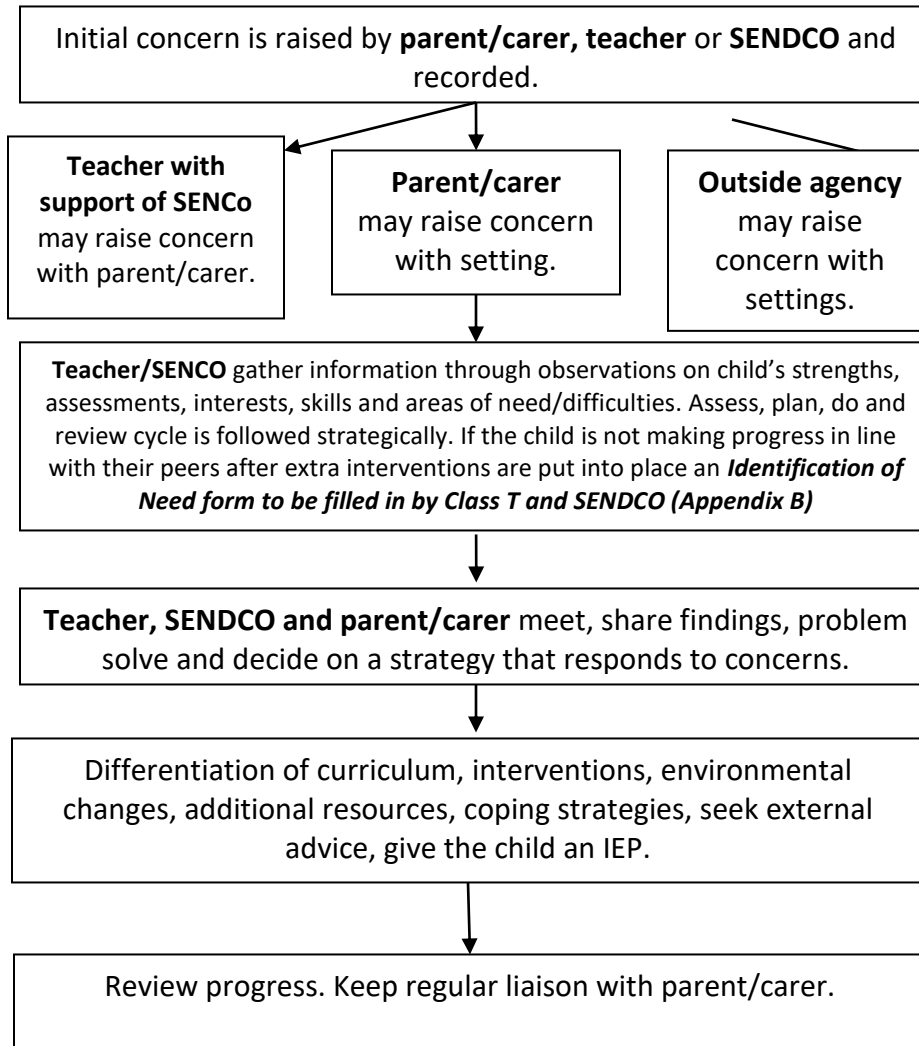

The federation works, wherever possible, in full partnership with parents and carers to ensure a collaborative approach to meeting pupils' needs. However, all complaints are taken seriously and will be heard through the school's complaints procedure (see policy). In most instances complaints can be resolved at class teacher level. However, if this is not possible, complaints relating to SEN should be addressed to the SENCo and/or the Head Teacher.

If a situation remains unresolved then a letter outlining your concern should be sent formally to the Clerk to the Governors at the school address (the Clerk to Governors is: Mrs Hannah Creasey). If the normal Governance procedure fails to resolve a situation pertaining to a child with special educational needs and/or disability, then you would need to contact the Local Authority Head of Service for Additional Needs:
